

# Femininity and Shame: Women, Men, and Giving Voice to the Feminine

Femininity is a source of shame for some men and women. Scholarship and therapeutic practice have not reckoned with femininity of its shamefulness in helpful, healing ways. Thus, women and men continue to hide their feminine selves. This book asserts the positive worth and power of femininity for men and women; mens and womens need for validation of their femininity; and the need to create child-rearing and therapeutic practices that achieve incorporation of femininity in mens conscious self-understanding.
