

The Role and Status of the Women Living in Slum: The Role and Status of the Women in the Laladighirpar Slum in Sylhet City Corporation of Bangladesh: A Study

The study entitled The Role and Status of the Women in the Laladighirpar Slum: A Study is basically a qualitative study substantiated by quantitative data. The major objectives of this study are to know about the socio-economic status of women in slums, investigate the role of women in family and outside family, identify the level of awareness about the role and status of women among the people living in slums, examine the present status of women in the slums areas with special reference to employment, education, skill and social status, And investigate the reasons as to why the slum women is unable to play their appropriate role within the family as well as seek the suggestions of women living in the slum for increasing their status and also making them capable to play their due roles. Laladighirpar slum is located in Sylhet City Corporation of Bangladesh, selected as the study area of conducting our study. This is basically an exploratory research. For conducting that study we intended to use data collection methods, like:- interview schedule, observation, focused group discussion, case study, etc.
