

Ghost Of My Heart 2 (Ghost Books)

Some days life takes a toll on living and I resort to dreams to make it through tough times. Day dreams are moments in time that I enjoy with the peace and serenity of escape, To be loved and appreciated, desired, wanted, needed, and above all have passion restored to my life of mediocrity. Night dreams are of lovers, where all of lifes longings are filled with much needed passion. The touch becomes real, The love is felt, and all the empty days are full once again. When life takes my passion and love, my dreams may be all I have to get me from day to night and still fill loved. I wait for my lover daily and one day he will come to me, but until then I continue to keep him in my dreams.
