

Swept Off Her Stilettos (Mills & Boon Modern Heat)

A little finger isn't properly dressed without a man wrapped round it. Clothing connoisseur Coreen Frasers film-star style never leaves her wanting for male attention! But sourcing outfits for a 1930s murder-mystery weekend stops being fun when she discovers she has to wear a tweed suit and sensible shoes! Meanwhile Coreen's best friend Adam Conrad has his own plans for the weekend. And one moonlit kiss later Coreen's blinkers fall from her eyes. Adam is the only man who knows the girl underneath the skyscraper heels and scarlet lipstick. But is she brave enough to invite him to kiss it off any time he likes?
