

Deliberative Democracy and Political Development (Chinese Edition)

With the rise, development, challenges and prospect of deliberative democracy as the basic clue, this book receives articles written by Joseph M. Bessette, James Bowman, Bernard Manning, Joshua Cohen, and James S. Fishkin and other scholars. It not only systematically introduces the basic theory of deliberative democracy so that people can have a comprehensive understanding of it, but also probes into the basic logic, main structure, practice and future development of the theory of deliberative democracy to inspire people to do more deep thinking.
